DALS 1.4.4

Version is here: \Dropbox (OctoNus)\Download\DALS\DALS 1.4.4.35.exe

What's new

- Added instruments for plotting of inclusions. Supported a base version of inclusion plotting report exporting. See details here.
- Added warnings about leaving an area to see correct stereo on an autostereoscopic display. See details here.

> ⚠ To support warnings about leaving correct area in autostereoscopic mode, please update the 3D Global View Optimizer application to version 1.4.0.0 from here: \Dropbox (OctoNus)\Download\3D View Optimizer\3DGlobal_ViewOptimizer_v1.4.0.0_setup.exe
