

# DALS 1.5.0

Version is here: [\Dropbox \(OctoNus\)\Download\DALSDALS 1.5.0.36.exe](#)

## What's new

- Added inclusion markup module for documentation of found inclusions in DALS and leaving notes for polishers (see for details: [Inclusions markup](#))
- Enhancements in video-recording plugin (see: [Video and image capture GUI#Newin1.5.0version](#)):
  - Now you can record to several targets: original video size, Youtube, Whatsapp. Video quality and resolution is optimized for each target. If you have a Whatsapp Windows client installed, you may drag and drop exported movie to a chat
  - Support of audio recording
  - Mode with full screen capture (stream with GUI)
- Manual stacking support (see details: [Manual stacking](#)).
