

3D Smart TV not entering 3D mode when connected to NVIDIA GeForce or Quadro with 3DTV Play

Problem

3D Smart TV not entering 3D mode when connected to NVIDIA GeForce or Quadro with 3DTV Play.

Solution

1. Please make sure that your TV was set as primary display, and you've selected correct 3D TV screen mode just as in the screenshot below. "HD 3D" mode should be selected!
